

## Children's Dental Health Project Celebrates

On May 2, 2005, the Children's Dental Health Project celebrated in true fashion their five years since incorporation, working to advance policies that improve children's access to oral health. If you missed the reception, you missed a treat. ADHA President Helena Tripp, RDH, along with CDHP Board Member Caswell Evans, DDS, MPH, serving as honorary chair, started off a memorable evening. Attendees enjoyed an evening filled with exquisite ambiance, delectable light fare, a charming presentation, motivating video, and nifty "gift" bags that included personalized mugs and mouse pads.

Our special expressed thanks to our many reception sponsors: Forba, Kool Smiles, ADHA, Delta Dental of MA,

Henry Schein, Inc., Children's Dental Associates of New London County, ADA, Doral Dental USA, AAPHD, ADEA, AGD, ASTDD, Friend of NIDCR, Medical Products Laboratories, Inc., AAPD, Colgate Oral Pharmaceuticals, HDA, NDA, and Oral Health America.

We thank you all for your continued support. See you in Little Rock for NOHC 2006!

Best,

Children's Dental Health Project
